

Wedding Collections

At *angela r. talley studio*, we view the wedding of two individuals as a once in a lifetime experience, from beginning to

end...and capture it in such a way. Known for her artistic style of photography, Angela's work touches the lives of others by capturing beautiful images of moments, expressions and special relationships. Each image is a work of art in both composition and mood. Since receiving her Bachelor of Arts in Photography in 1994, Angela has worked as a fine art professional photographer. Being schooled in classic traditional, photojournalistic, fine art and all genres of photography, Angela combines all areas of photography creating a unique and illustrative story of your day. Mastering the art of "capturing time," Angela welcomes you to share in the experience of creating lasting memories. Let your story be told!
